Re: Freedom of Information Request – 250 Wilmot Line (GRCA number 2009-06)

Dear Ms. Lanteigne:

The above Freedom of Information request was received by the City of Waterloo on August 5, 2009 and subsequently transferred to Grand River Conservation Authority on August 14, 2009. We received the transferred request on August 19, 2009. Grand River Conservation Authority is the institution that granted the permit to remove wetlands, and therefore, we have processed the request and made the decision to release the requested records to you.

Attached, is the application for a permit, GRCA's internal circulation documents, GRCA's mapping of the project and the approved permit 187/09. We the release of these records will fulfill your request.

Since the time required to search for and copy the records was not onerous, we are prepared to waive the fees prescribed under the Municipal Freedom of Information and Protection of Privacy Act.

I will be fulfilling the role of the Freedom of Information Co-ordinator with respect to this request, so please send future correspondence about this request to my attention.

Yours truly,

A handwritten signature in blue ink, appearing to read "Keith Murch".

Dear Sirs:

Re: Application for Permission No. 187/09, Pursuant to Ontario Regulation 150/06 to remove two wetland pockets at Part Lot 42, G.C.T. in the City of Waterloo

The General Membership Committee of the Grand River Conservation Authority approved your application on July 21, 2009 to remove two wetland pockets prior to pre-grading of a subdivision development at Part Lot 42, G.C.T. in the City of Waterloo. We have enclosed the permit with the attached schedules.

The schedules form part of the permit and describe the work approved. Any changes to these plans must be reviewed and approved by the Grand River Conservation Authority. Please note that permission is based on existing information, policies and practices and does not bind or imply that any other permission will be forthcoming. Please notify our office on completion of the work.

If you have any questions regarding this letter or the conditions described on the permit, please contact me.

Yours truly,

Lisa Beth Bulford
Resource Planner
Resource Management Division

2009-06-02
Permit Number: 187/09

Grand River Conservation Authority

Under Ontario Regulation 150/06 made under the Conservation Authorities Act, R.S.O. 1990, Chapter C.27, permission is granted to:

Activa Holdings Inc.

Whose address for purposes pertaining to this project is:

735 Bridge Street West
Waterloo, ON
N2V 2H1

To execute proposed works in accordance with the following particulars and conditions:

Location of Work: Part Lot 42, G.C.T.,
City of Waterloo

Purpose of Work: To remove two wetland pockets prior to pre-grading of a subdivision development at Part Lot 42, G.C.T. in the City of Waterloo.

Nature of Work: Remove two wetland pockets

This permit is valid from: **July 21, 2009**

and expires on: **July 21, 2011**

The attached Schedules form parts of this permit describing the approved work and must be implemented in order so that the true intent of the permit can be achieved.

The Permittee, by acceptance and in consideration of the issuance of this permit, agrees to the conditions listed on the reverse side of Schedule "A".

Dated at Cambridge, Ontario, this 21st day of July, 2009

GRAND RIVER CONSERVATION AUTHORITY

Paul Emerson,
Chief Administrative Officer

Subject: P60/08 Greyerbiehl Subdivision fill permit

Lisa,

I have reviewed Stantec's Drawing C-600, Initial Site Works to Fill Depressions, and have no engineering concerns with the proposed works. It appears that the cut and fill operations and grading to a temporary sediment basin results in discharge away from the Clair Creek system on to hummocky lands or depressions owned by the developer and thus there is likely no environmental sensitivity to the proposed operation that has not already been addressed. If you would like confirmation of this then I am awaiting a call from Joe Grubb for clarification.

John
