

CLIMATE ACTION WR

HOW WILL WATERLOO REGION TAKE REAL ACTION ON CLIMATE CHANGE?

The **Community Forum Series** is an opportunity to share your thoughts on the Climate Action Plan and learn how strengthening local and collaborative action on climate change will contribute to a progressive and sustainable community.

LEARN

about the current direction of the Climate Action Plan, including how an overall reduction target will be set for Waterloo Region, and the benefits and connections with energy and water use, economic development, local food, health, and quality of life.

ENGAGE

in two-way discussion with a panel of community leaders about the proposed strategies that will be put into action to reduce greenhouse gas emissions from residential, business, transportation and agricultural activities in our community over the next 10 years.

JOIN

in on the conversation, by attending one of the upcoming Community Forums being held across Waterloo Region and connecting with us online. Let's work together to build on existing resources and propel real action forward on climate change in our community.

TUESDAY, MARCH 19, 2013

KNOX CHURCH
50 ERB STREET WEST, WATERLOO
