Join a conversation that matters!

Share your thoughts and ideas and help set the Region of Waterloo's priorities for 2015-2018.

The Region of Waterloo provides more than 60 per cent of government services directly and indirectly to the community. Regional Council will be reviewing Regional services and will identify new priorities for the 2015-2018 Council term, and your input is important to the process.

Regional Council will prioritize services that are the most pressing of the community, provide the best value for tax dollars as well as identify opportunities to make existing programs more efficient and effective. There are many ways you can share your thoughts and ideas about Regional programs and services that benefit the community.

Join the first set of conversations taking place at the following locations:

Focus Group Schedule
