

# Stewards of Our Future: Protecting What We Love

Featuring

**Dr. Dianne Saxe**  
Environmental Commissioner  
of Ontario

Join us for a community discussion about the choices we face to address the climate crisis and to protect our environment: the land, water and air that sustain life on Earth.

Meet **Environmental Commissioner of Ontario Dianne Saxe** — our provincial "environmental watchdog" — along with local leaders in environmental protection, for a conversation about climate change and how each of us can play a role in creating a safer environment.

For more on the facts, fallacies and ways forward on climate change, join the conversation!

**The Rotunda, Kitchener City Hall**

**7 p.m., January 15, 2019**
