

RISE UP ONTARIO!!

Ontario Government's Bill 23

FUNNELS taxpayer dollars to wealthy developers
THREATENS the planning decisions of local governments
TRAMPLES our democratic rights
DEVASTATES our natural heritage
BETRAYS Ford's promise to keep "hands off the Greenbelt"
FORCES Conservation Authorities to sell conservation lands for development
ESCALATES the flooding risks by removing wetland protections
SQUANDERS our prime farmland
DESTROYS 20 years of volunteer and municipal staff work to create liveable communities
Does NOT result in more affordable housing---just more sprawl.

Contact your MPP to demand the repeal of Bill 23.
