

# CLIMATE EMERGENCY VIGILS

The climate crisis deepens.  
As people of this Earth, we  
feel deep concern for the  
immense impacts of this crisis  
on all life.

Local organizers will host  
weekly climate vigils to share  
our grief for persistent  
inaction on climate change,  
and to share our hope. **Time**  
is running out but we can  
still act together, with justice.

Every Friday  
8 - 9pm
